Google Ads Performance Analysis

Google campaigns focused mainly on **Search campaigns targeting high-intent keywords**.

Key Insights

1. High CTR Performance

Google campaigns achieved **8.62% CTR**, which is **very strong for search campaigns**.

This indicates:

Users were actively searching for **Eldeco projects**

Keywords are **highly relevant**

2. Top Locations Driving Spend

Highest spend areas:

201304 (Greater Noida)

201312

201301

Delhi 110066

These locations represent **high property interest zones**.

3. Best Performing Generic Keywords

Top performing keywords include:

"4bhk luxury flats"

"4 bhk flats in noida"

"4 bhk apartment"

"4 bhk villa in greater noida"

Insight

Users are searching mostly for **4 BHK premium properties**, which aligns with the project positioning.

4. Brand Search Performance

Brand keywords performed strongly.

Top searches include:

Eldeco project

Eldeco greater noida

Eldeco la vida bella

Eldeco sector 12

This shows **strong brand awareness and brand recall**.

5. Keyword CTR Insights

Highest CTR keywords:

Eldeco sector 12

Eldeco Noida extension

Eldeco La Vida Bella

These keywords show **high purchase intent**.

Overall Campaign Conclusion

Key Achievements

- > Campaign generated **6M reach and 43K clicks**
- > **394 leads generated**
- > Strong **Google search intent traffic**
- > **High CTR for brand and generic keywords**
